Tintinology [tin-tin-ol-uh-jee] *noun* ? The study of the works of comic creator Hergé and the cultural impact of Tintin, his best-known and most influential character.

The adventures of Tintin and his dog, Snowy, have captivated people worldwide since they first appeared as an insert in the Belgian Catholic newspaper *Le Vintième Siècle* in 1929. Available for the first time in English, this insightful biography delves deep into the psyche of Tintin creator Georges Remi and his public persona Hergé.

Author of the critically acclaimed *Tintin and the World of Hergé* and the last person to interview Remi, Benoît Peeters tells the complete story behind Hergé's origins and shows how and why the nom de plume grew into a larger-than-Remi personality as Tintin's popularity exploded. Drawing on interviews and using recently uncovered primary sources for the first time, Peeters reveals Remi as a neurotic man who sought to escape the troubles of his past by allowing Hergé's identity to subsume his own. As Tintin adventured, Hergé lived out a romanticized version of life for Remi.

Millions have traveled alongside Tintin and Snowy through books, animated television series, theatrical performances, exhibitions, documentaries, and movies, including Steven Spielberg's fall 2011 *The Adventures of Tintin*. Now Tintinologists have the opportunity to better understand the complex and sometimes dark personality of Tintin's creator and his carefully crafted public persona.
