Ellyn Johnson is a struggling single mother living in The Bronx and like most women in her position she enjoys dreaming about what it might be like to be swept off her feet by a handsome, young Billionaire. A man who can solve all her problems, introduce her to the good life and, most importantly, make her happy. Ellyn knows that things like this normally only ever happen in fairy tales but she also knows that sometimes you have to get out there and make things happen for yourself. So when Ellyn hears of a party in Manhattan that will have lots of young, rich men attending she and her friend hatch a plan to try and sneak in. Only this plan involves her pretending to be someone she isn't. It is at this party that she meets Colon Hamilton the third, a billionaire who counts a talent agency as one of his many businesses. Colon is more than interested in getting to know Ellyn but does he want to know her or the woman she is pretending to be? And how long can she carry on dating a billionaire before her true identity is discovered?
