A Literary Review (Penguin Classics) Soren Kierkegaard

While ostensibly commenting on the work of a contemporary novelist, Kierkegaard used this review as a critique of his society and age. The influence of this short piece has been far-reaching. The apocalyptic final sections are the source for central notions in Heidegger's *Being and Time*. Later readers have seized on the essay as a prophetic analysis of our own time. Its concepts have been drawn into current debates on identity, addiction, and social conformity.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
