## **Exeter Cathedral (A Pitkin Cathedral Guide)** J. A. Thurmer

Exeter Cathedral, the Cathedral Church of Saint Peter at Exeter, is an Anglican cathedral, and the seat of the Bishop of Exeter, in the city of Exeter, Devon, in South West England. The present building was complete by about 1400, and has several notable features, including an early set of misericords, an astronomical clock and the longest uninterrupted vaulted ceiling in England. The 18 m (59 ft) high bishop's throne in the quire was made from Devon oak between 1312 and 1316; the nearby choir stalls were made by George Gilbert Scott in the 1870s. The east window contains much 14th-century glass, and there are over 400 ceiling bosses, one of which depicts the murder of Thomas Becket. Because there is no centre tower, Exeter Cathedral has the longest uninterrupted medieval vaulted ceiling in the world, at about 96 m (315 ft).
