This is a comprehensive collection of outline drawings showing the body's muscles, skeleton, organs and anatomical systems (nervous, endocrine, cardiovascular, lymph, respiratory, digestive, urinary and reproductive), printed on one side of the page only. The process of colouring in the different parts of the body is a great aid to learning, making the book an ideal tool for all those studying anatomy at whatever level. Extended captions to the illustrations explain exactly what is being shown and give clues to the labelling of the diagrams. Students can then key in the labels to the illustrations as an additional learning device. With over 150 diagrams, this book is a thoroughly practical, interactive and enjoyable aid for all students of anatomy.
