Hundreds of fascinating color photos reveal the wearable artwork created by today's top art jewelers of Europe, including one-of-a-kind necklaces, brooches, bracelets, rings, and earrings in gold, silver, mixed metals, glass, enamel work, found objects, and more. The artists are arranged alphabetically so readers may see the entire scope of their work on the page together. The artists provide personal statements about their work and its significance. These artists have created small sculptures that adorn the body and draw attention. This is the first book in the series to focus solely on the artists of Europe. Included among them are new artwork from artists readers have come to know in the previous volumes and an introduction to the work of artists whose jewelry has not been previously seen. This is a valuable guide to current trends in art jewelry design for buyers, jewelry enthusiasts, collectors, and artists alike.
