"For one-semester business statistics courses."

Statistics is essential for all business majors, and this text helps students see the role statistics will play in their own careers by providing examples drawn from all functional areas of business. Guided by principles set by major statistical and business science associations (ASA and DSI), plus the authors' diverse experiences, the Seventh Edition of Levine/Szabat/Stephan's Business Statistics: A First Course continues to innovate and improve the way this course is taught to all students. This brief version, created to fit the needs of a one-semester course, is part of the established Berenson/Levine series. Personalize learning with MyStatLab MyStatLab provides users with countless opportunities to practice, plus statistics-specific resources and tools that enhance students' experience and comprehension.

From reader reviews:

Luis Martin:

Book is usually written, printed, or highlighted for everything. You can recognize everything you want by a book. Book has a different type. As you may know that book is important matter to bring us around the world. Next to that you can your reading expertise was fluently. A book Business Statistics: A First Course Student Value Edition with PHStat (7th Edition) will make you to be smarter. You can feel considerably more confidence if you can know about everything. But some of you think that will open or reading some sort of book make you bored. It isn't make you fun. Why they may be thought like that? Have you in search of best book or suited book with you?

Maureen Perdue:

What do you regarding book? It is not important together with you? Or just adding material when you really need something to explain what the ones you have problem? How about your extra time? Or are you busy person? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Everyone has many questions above. The doctor has to answer that question mainly because just their can do this. It said that about guide. Book is familiar in each person. Yes, it is appropriate. Because start from on pre-school until university need this kind of Business Statistics: A First Course Student Value Edition with PHStat (7th Edition) to read.

Joshua Dunleavy:

As people who live in typically the modest era should be change about what going on or information even knowledge to make these individuals keep up with the era that is certainly always change and move forward. Some of you maybe can update themselves by reading through books. It is a good choice for yourself but the problems coming to anyone is you don't know what type you should start with. This Business Statistics: A First Course Student Value Edition with PHStat (7th Edition) is our recommendation so you keep up with the world. Why, because book serves what you want and need in this era.

Raymond Crandall:

Playing with family within a park, coming to see the ocean world or hanging out with buddies is thing that usually you might have done when you have spare time, then why you don't try factor that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Business Statistics: A First Course Student Value Edition with PHStat (7th Edition), you could enjoy both. It is very good combination right, you still would like to miss it? What kind of hang type is it? Oh can happen its mind hangout folks. What? Still don't buy it, oh come on its identified as reading friends.
