What Is Wrong With Scientology?: Healing Through Understanding Mark 'Marty' Rathbun

The first critical treatment of Scientology that seeks to identify and correct what is wrong with it rather than to merely expose or advocate against the subject. A handbook for former, current and prospective members. The book can help to heal any damage done by misuse while rehabilitating any positives derived from Scientology. The book also serves to proof up an individual against being harmed by misapplication of Scientology in the future. As the first simple, accurate description of the philosophy from its introductory to its most advanced levels, the book will inform those interested in Scientology as no other available work has.
