**Awards:** *Best Picture Book Ages 4-8 - Beverly Hills Book Awards; Silver Medal Winner (Children-Educational) - Readers' Favorite International Book Awards; Mom's Choice Awards® Gold Recipient; Children's Inspirational Finalist - Beverly Hills Book Awards.*

Welcome to Yummy Stories, a delightful collection of six folk tales encouraging healthy eating habits. Talking vegetables, a hungry dinosaur, fairies, giants and a cabbage-loving emperor are ready to delight early readers (including picky eaters and fussy eaters) with their adventures in the wild. Each story includes rhymes, entertaining sounds and concludes with a short poem. One of these stories is also interactive: children can choose the proper ending. The book contains a coloring page and a tricky game where readers have to discover characters hidden in other stories, as well as cleverly disguised vegetables. The artwork is exciting and unique, featuring *mushroom houses, clouds made of cauliflower, broccoli forests or asparagus fences*.

All of these elements are masterfully mixed since the writer is also a teacher, a food artist, an organic gardener, and a parent. This rich and fulfilling collection of stories encourages healthy eating habits that will last a lifetime. And you know what the best part is? This yummy book is not "preachy" but fun.

***All the Yummy Stories formats and editions (Paperback, Kindle, Audiobook) were designed:***

- to spark children's imagination (through adventures in the wild, believable characters)
- to inspire children to learn about natural food (life cycle of plants, gardening, pollination)
- to help develop social skills (sharing, helping, cooperation)
- to help children think, form judgments, make decisions, and values
- to increase children's interest and acceptance of a more diverse diet and even to stimulate the appetite for vegetables and fruits
