What would you do if money were no longer a concern? Surf the best breaks, sail oceans, climb mountains, build schools in third-world countries, write a book, raise Peruvian fainting goats? What would you do if you didn't have to show up for work tomorrow morning?

Making that dream happen-stepping into an unknowable future for a life of adventure takes courage, decisiveness, an unwavering belief in yourself, and the willingness to take 100% responsibility for the outcome. Those happen to be the very same traits that define the successful trader. The skills you learn in pursuing your dream-through trading-might just remove money from the list of reasons you think that you can't fulfill it.

This book is about more than trading and personal finance strategies-we propose an entirely new way to evaluate risk, in life as well as in finances. By taking the right risks and ignoring the imagined ones, you'll be paid with the one priceless commodity that is truly limited in your life-time.
