Experience magick at its best! (After all, they're the "magickal *arts*.")

Let these 21 ancient Latin spells and sacred geometry backgrounds release your innermost powers for protection and defense.

The spells may appear simple. *They are real*, and rooted in ancient magickal traditions.

The designs are the same kinds of patterns you'll find at sacred sites and temples, from times when magick was respected and honored. They have a hidden energy of their own.

Coloring them can be a subtle but powerful experience, as you find inner strengths you've always suspected were there.

Each spell is repeated on two, single-sided pages for maximum results.

Included in this magickal 21st century book:

- **21 unique protection spells**, each on a sacred geometry background you can color.
- **A total of 42 pages to color**. Each is printed on just one side, so designs won't bleed through.
- **Latin-to-English translations**, so you'll know *exactly* what each ancient spell means, and the power behind it.
- **A list of correspondences**, to make the most of each spell.
- **A coloring magick guide**, explaining how to use this book to create real magick in your life.

These spells aren't a substitute for common sense. If you're in physical, emotional, or spiritual danger, don't rely on a book or even on magick. Get outside help, now.

However, if you need to bolster your psychic or spiritual shields, and magick is the best choice for you, *these spells may be what you're looking for*. They cover a wide range of situations and defenses.

Why Coloring Magick?

For centuries, people have used magick to better their lives. Now, in the 21st century, we need new ways to fit traditional magick into our busy schedules.

Coloring magick is an easy, pleasant, and powerful way to do that. And, for many people, coloring books are fun.

The author (a witch, herself) draws upon visual magick traditions that date back to early Egypt's temples and the cave and rock paintings of indigenous people, worldwide.

She's combined simple (but ancient) Latin spells with powerful imagery that reaches deep into your consciousness and sparks the magick waiting there.
