This volume contains all the known writings of key Anabaptist leader Dirk Philips, from his original 1564 volume, translated into English from Dutch. Includes annotations and introductions, making it useful to both general readers and scholars. Philips' treatises make important contributions to the literature of early Anabaptism. He writes about the incarnation, baptism and the Lord's Supper, the sending of preachers, the tabernacle, the new birth, the ban and avoidance, and marriage. This is the sixth volume in the Classics of the Radical Reformation, a series of Anabaptist and Free Church documents translated and annotated under the direction of the Institute of Mennonite Studies. 702 Pages.
