This book, *Practicing CNA in Nursing Homes*, is a gem in between CNAs' hands. Many of them have great experiences and provide star service in nursing homes, and reach the residents' satisfaction by using standard precautions and applying the CNAs skills properly. However, most of them lack the skills and use them improperly. They need some help, not only regarding skills, but also regarding handling nosocomial infections and raising customer satisfaction. This book also aims toward an ambitious objective, which is being a primary source of research for those who are interested in nursing homes in the United States. Nursing homes exist everywhere in the world, but we find that the level of function here is different. Therefore, this book is going to describe life inside the nursing homes in this country. It's a mixture of micro-socio-pathological descriptions that can resuscitate a desire to better understand this reality, which has remained so long unknown, and that needs to be unveiled. Acene Fleurmons was born in Artibonite, Haiti in 1959. His father is Anoucet Fleurmons and his mother is Carmen; two farmers who raised eight children. Acene is the fifth child who grew up in God's grace and went to school in Port-au-Prince, where he earned a certificate in philosophy at the Higher Teacher Training School in 1990, and in sociology at the Humanities School in 1993. Acene came to Miami in 1997 and went to Florida International University (FIU). There he received a Bachelor of Social Work in 2004. After that, Acene continued studying with Bellevue University and earned 27 credits in Healthcare Management and Administration of Nursing (master's program). This study is in progress. Moreover, Acene earned his doctorate degree in Christian Counseling from the Ministry International Institute in 2005.
