Dino Vicelli: Private Eye in a World of Evils Lori Weiner

This story transports the reader to an alternate-reality version of New York City, in which talking dogs interact regularly with humans. The hero, Dino Vicelli, is a private investigator who just happens to be a sharply dressed Italian greyhound with a great fondness for cigars. He takes on what initially appears to be a routine missing person case but soon finds himself in the midst of a sinister plot that involves kidnapping, murder, and bizarre scientific experiments aimed at controlling the world. As he investigates this strange case, Dino repeatedly encounters mortal danger, while also finding romance with a beautiful blonde Afghan dog.

With its unusual twists on the traditional detective story genre, this book blends elements of humor, suspense, and fantasy into a truly unique and entertaining tale.
