## **Key Concepts in Health Psychology** Ian Albery, Marcus Munafo

While current textbooks in health psychology offer the reader some conceptual reasoning about different aspects of the discipline, there is no one source which provides an accessible, navigable and cross-referenced analysis of the major models and ideas in health psychology.

**Key Concepts in Health Psychology** provides a 'one stop' analysis of key issues, theories, models and methods in contemporary health psychology. It enables the reader to engage with a full range of approaches and methods in the field, and importantly to be able to appreciate the relationships between these.
