Health and Canadian Society: Sociological Perspectives

Health and Canadian Society: Sociological Perspectives

Health and Canadian Society provides a comprehensive overview of social and political issues in health and health care in Canada. This third edition features contributions not only from sociologists but also from researchers and practitioners in disciplines ranging from history to medicine. Ninety-five per cent of the contributions are new to this edition. Recognized as the standard textbook on the sociology of health in Canada, *Health and Canadian Society* is an essential reference for sociologists, health care providers, and health administrators.
