## ADA Yearbook 1994, (Studies in Computer and Communications Systems, 7)

### ADA Yearbook 1994, (Studies in Computer and Communications Systems, 7)

The "ADA Yearbook" is an annual publication for all users of the ADA-programming language. It provides a source of information about ADA in an accessible form. As the world of ADA has matured, the volume of information has grown larger. As a result, this work contains a regular source of technical and commercial information on, for example, the new secondary standards and codes of practice. It includes introductory information as well and should be useful for newcomers to ADA. An extensive reference section, including lists of ADA compilers, software components and organizations, is provided.
