Daniel Defoe

Robinson Crusoe Daniel Defoe

Robinson Crusoe is a novel by Daniel Defoe, first published on 25 April 1719. This first edition credited the work's fictional protagonist Robinson Crusoe as its author, leading many readers to believe he was a real person and the book a travelogue of true incidents. It was published under the considerably longer original title *The Life and Strange Surprizing Adventures of Robinson Crusoe, Of York, Mariner: Who lived Eight and Twenty Years, all alone in an un-inhabited Island on the Coast of America, near the Mouth of the Great River of Oroonoke; Having been cast on Shore by Shipwreck, wherein all the Men perished but himself. With An Account how he was at last as strangely deliver'd by Pyrates.* Epistolary, confessional, and didactic in form, the book is a fictional autobiography of the title character (whose birth name is Robinson Kreutznaer)-a castaway who spends years on a remote tropical island near Trinidad, encountering cannibals, captives, and mutineers before being rescued. The story is widely perceived to have been influenced by the life of Alexander Selkirk, a Scottish castaway who lived for four years on the Pacific island called "Mas a Tierra" (in 1966 its name was changed to Robinson Crusoe Island), Chile. However, other possible sources have been put forward for the text. It is possible, for example, that Defoe was inspired by the Latin or English translations of Ibn Tufail's *Hayy ibn Yaqdhan*, an earlier novel also set on a desert island. Another source for Defoe's novel may have been Robert Knox's account of his abduction by the King of Ceylon in 1659 in "An Historical Account of the Island Ceylon," Glasgow: James MacLehose and Sons (Publishers to the University), 1911."
