Stepping Up: The Recreational Player's Guide to Beating Casino and Internet Poker Randy Burgess

This book is perfect for either the home game player moving up, or the intermediate player who's struggling: it's packed with the stuff beginning poker books don't talk about enough (or at all), and that advanced books discuss only in terms of the higher limits -- reading hands and opponents, calculating odds and outs, adjusting to game type, and more. Also covers practicing and playing online. As Roy West says in his introduction. "This is a "thinking about poker" book you'll hope your opponents won't read. Whether your game is hold'em or stud this is the book to set you on a winning track.
