A coloring activity book about dinosaurs has multilayered benefits for a child engaged in its pages. On a conscious level a child readily sees and learns about the wide array of different dinosaur species and the behaviors of an animal that children understand once roamed the planet. Via captivating images and informational exercises, children engage in completing activities designed to help them grasp the body structures that helped the carnivores survive, ancient plant life that fed the herbivores and scientific vocabulary. Subconsciously, the child is becoming aware of concepts in earth sciences that will provide a foundation for future learning.
