This book, for use as a primary Business Organizations or Corporations book, integrates skill-based exercises into a traditional casebook framework. It features all the traditional cases of a corporations or business organizations book, framed in the context of actual problems that would be presented to a business attorney. In addition to the traditional cases found in this area, the book includes practical skill training in the form of exercises and scenarios, as well as extensive use of current rules and statutes, enabling students to use these materials to resolve issues and advise clients. The book may be used for traditional business organization or corporation law classes that want to include one or more practical exercises as well as business organizations simulations.
