A question often asked by those who deal with psychological problems is: What is normal? The answer to that seemingly simple question will probably never be answered. For example, it is normal for some primitive inhabitants of South American jungles to perform, before the entire village, what Americans would consider depraved sexual acts. The people within a particular society usually are well aware of what is considered acceptable behavior for them. And therein lies the problem for the main character of this novel. For eighteen-year-old Davey, it is a major step to admit, then accept his homosexuality. Yet even as he is adjusting to his new insight into his nature, Davey finds himself introduced, and drawn into, another facet of gay sex — into the dark world where souls mix pleasure with pain, agony with ecstasy, until they learn what is considered acceptable behavior whether in the role of slave or master. **CHICKEN SLAVE** — a story dealing with a sexual dilemma that confronts all of us in one form or another. We cannot pass judgment on how individuals seek and find sexual pleasure. We can only look at them with an open mind, seeing how some members of our society face the problem.
