## The most learner-centered and assessment-driven text available

Throughout *Psychology, Fifth Edition*, Saundra Ciccarelli and J. Noland White employ a learner-centered, assessment-driven approach that maximizes student engagement, and helps educators keep students on track. The authors draw students into the discipline by showing how psychology relates to their own lives. Clear learning objectives, based on the recommended APA undergraduate learning outcomes, guide students through the material. And assessment tied to these learning objectives lets students check their understanding, while allowing instructors to monitor class progress and intervene when necessary to bolster student performance.

*Psychology, Fifth Edition* is also available via **REVEL™**, an interactive learning environment that replaces the print textbook, enabling students to read, practice, and study in one continuous experience. REVEL is ideal for courses where student engagement and mobile access are important.
