This is a humorous and fantastic children's picture book. The story centers around three eccentric sardines sharing their views on the world; pontificating on strange matters and purporting to know things that the sardines obviously know nothing about. This small, quirky, and precocious book reminds us of the importance of broadening our horizons, seizing life's every moment, and not wasting time. Petite in size, replicating the size of a tin of sardines, this is an extraordinary, imaginative, and beautiful book.
