Velázquez: Complete Works José López-Rey, Odile Delenda

The painter's painter: Light, color and penetrating portraits from Spain's Golden Age luminary

Manet called him “**the greatest painter of all.**” Picasso was so inspired by his masterpiece *Las Meninas* that he painted 44 variations of it. Francis Bacon painted a study of his portrait of Pope Innocent X. Monet and Renoir, Corot and Courbet, Degas and Dalí...for so many champions of art history, **the ultimate soundboard** was—and remains—**Diego Rodríguez de Silva y Velázquez** (1599-1660).

This updated catalog raisonné brings together Velázquez’s complete works, jaw-droppingly reproduced in extra-large format, **with a selection of enlarged details and brand new photography of recently restored paintings**, achieved through the joint initiative of TASCHEN and Wildenstein. The book's dazzling images are accompanied by insightful commentary from **José López-Rey** on **Velázquez's interest in human life and his equal attention to all subjects**, from an old woman frying eggs to a pope or king, as well as his commitment to color and light, which would influence the Impressionists over two centuries later.
