The year 2069 is coming to a close, and eighteen-year-old Bianca Butterman's time-craft license is finally official. She's ready for the Induction Day she's waited for since she was a kid—the one that will secure her name on the Butterman family tree of time travelers. But ever since the media discovered Bianca is pop superstar Tristan Helms' latest new honey, everything Bianca does or says becomes a target of criticism. Having her professional credibility topping the gossip sites across social media is an open invitation for the government to step in and regulate Bianca's Induction.
