**To Die For** Mark Svendsen

**Set on the Great Barrier Reef, *The Old Man and the Sea* meets *Jaws* in this heart-pumping story when a boy's solo fishing trip goes suddenly and terrifyingly wrong**

For his birthday present, Christos is thrilled to be allowed to take his father's mackerel boat out to fish alone and then to camp overnight on a local island. However, the trip goes horribly wrong when he manages to run the fishing boat aground on the Great Barrier Reef—and attract a 12-foot tiger shark as company in the process. As the young boy sets in for the most harrowing night of his life, he must battle both nature and the elements in attempt to free himself from the reef—and to make sure he'll be alive to see the morning.

### From reader reviews:

#### **Julie Gailey:**

Information is provisions for people to get better life, information currently can get by anyone on everywhere. The information can be a understanding or any news even an issue. What people must be consider any time those information which is in the former life are challenging be find than now is taking seriously which one would work to believe or which one the particular resource are convinced. If you have the unstable resource then you buy it as your main information you will have huge disadvantage for you. All those possibilities will not happen throughout you if you take To Die For as your daily resource information.

#### **Clifford Harvey:**

Beside this kind of To Die For in your phone, it may give you a way to get closer to the new knowledge or details. The information and the knowledge you might got here is fresh through the oven so don't always be worry if you feel like an old people live in narrow community. It is good thing to have To Die For because this book offers to your account readable information. Do you at times have book but you don't get what it's exactly about. Oh come on, that will not end up to happen if you have this inside your hand. The Enjoyable arrangement here cannot be questionable, such as treasuring beautiful island. Use you still want to miss the idea? Find this book and read it from now!

#### **William Rocha:**

Is it you actually who having spare time after that spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something totally new? This To Die For can be the respond to, oh how comes? It's a book you know. You are therefore out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these publications have than the others?

#### **Rachel Kaufman:**

Do you like reading a guide? Confuse to looking for your chosen book? Or your book was rare? Why so many concern for the book? But just about any people feel that they enjoy to get reading. Some people likes studying, not only science book but novel and To Die For or even others sources were given knowledge for you. After you know how the good a book, you feel want to read more and more. Science reserve was created for teacher as well as students especially. Those guides are helping them to put their knowledge. In other case, beside science reserve, any other book likes To Die For to make your spare time a lot more colorful. Many types of book like this.
